Let's go.

I Got the telephone in my hand  
To call you up tonight  
I planned every word I'll say  
Cause' I'm gonna do it right  
Well maybe I'll wait a little longer  
Maybe I'm not ready yet.  
Where did I put that number?  
How could I ever, ever forget?

I said I try but I hang up every time  
To call you girl and make you mine  
If you pick it up I'll have it made  
I'm gonna call you now  
I wont be afraid

I Got the telephone in my hand  
The cord around my neck  
But I'm not really ready to die  
Said maybe I'll give it one more try  
Or maybe I'll call tomorrow  
She probably wont be home  
Maybe I like sitting here  
Maybe I like being all alone

I said I try but I hang up every time  
To call you girl and make you mine  
If you pick it up I'll have it made  
I'm gonna call you now  
I wont be afraid

Everything will be all right  
I won't see you tonight  
But everything will be all right  
I know it's not the end of the world  
I said, it's just another little girl

(And it'll be alright)  
She tells me that she loves me  
Now I'm gonna tell her that I love her (It'll be alright)  
She tells me that she loves me now

I said I try but I hang up every time  
To call you girl and make you mine  
I Can't leave a message  
Don't know what to say,  
I don't wanna talk to you  
I don't wanna talk to you anyway
