We are the dateless losers

We are all on our own
With no one on our side
You are so lucky, beautiful and bright
All the cool kids go steady
They're making out at 12
We sit in our rooms
Alone by ourselves

It's Friday
No phone call
Nobody asked us out

We are the dateless losers
Lonely until we die
So unappreciated
Why why why why

We're not so bad you know
But you won't give us a chance
Take us to the movies
To dinner or to dance

Not perfect
Not too hip
But we need loving too

We are the dateless losers
Lonely until we die
So unappreciated
Why why why why

You don't want us
You don't need us
You don't love us

We are the dateless losers
Lonely until we die
So unappreciated
Why why why why
We are the dateless losers

Lonely until we die
So unappreciated
Why why why why
