She told me that I was lame
With her middle finger in my face
Wont waste her time with such a loser

So now I wallow in regret
Wanna do something right but I haven't yet
Why do my endeavors end up in failure?

I think I'll go out drinkin'
Drinkin' all night long
'Cause if I go out drinkin'
Then I can stop thinkin'
About how the world's done me wrong

I guess I shouldn't feel so bad
Ain't got much reason to feel so sad
'Cept that I'm poor untalented and ugly

I know its like they always say
Good times and bad will come our way
But theres only one thing that'll make this easier

I think I'll go out drinkin'
Drinkin' all night long
'Cause if I go out drinkin'
Then I can stop thinkin'
'Bout how the world's done me wrong

So wrong, I sing this song
And nobody sings along
I've got a friend, he's in my hand
He understands
He said to me everything won't be so bad

I think I'll go out drinkin'
Drinkin' all night long
'Cause if I go out drinkin'
Then I can stop thinkin'
About how the world's done me wrong

I think I'll go out drinkin'
(Think I'll go out drinkin')

Drinkin' all night long
(Drinkin' all night long)
'Cause if I go out drinkin'
Then I can stop thinkin'
About how the world's done me
How the world's done me
About how the world's done me wrong
So wrong, so wrong
