I'm so glad that you're gone
You just led me on
Where did it go wrong
Too bad for too long

I live without you now
I'll get along some how
I don't care anyway
I just wanted to say that

Everything is cool
And how are things with you?
Everything is cool
I wish you were

You say we'll be friends
That just means no sex
I don't care what you say
I'm tired of fuckin' you anyway

I guess it is my fault
But do you blame you at all
I'll have to let you go
I just want you to know that

Everything is cool
And how are things with you?
And everything is cool
I wish you were dead

Everything is cool
And how are things with you?
Everything is cool
I wish you were

Everything is cool
And how are things with you?
Everything is cool
I wish you were

Everything is cool
And how are things with you?

Everything is cool
I wish you were dead
I wish you were dead
I wish you were dead
