I've got the measles, she's got the mumps
I'm sick of waitin' by the door in case she comes home
You won't believe it but don't you want to know
I let her go but I can't let her go
I don't wanna hear it

I'm singin' too high tonight, I'm gonna lose my voice
I heard her on the radio don't want to sing along
But I've got no choice

She used to be my girl but now she's famous
(She's famous now)
She used to be my girl but now she is famous
(She's famous now)
She was just so sweet and now they're fallin' at her feet
She used to be my girl but now she's

I eat the muscle and she eats the leaves
High cholesterol and heart disease yeah
You'll never touch the way that I feel
Just for the record she got the deal
I don't wanna hear it

I'm sayin' goodbye tonight, I just can't stand the noise
She's signin' autographs, don't wanna say I know her
But I've got no choice

She used to be my girl but now she's famous
(She's famous now)
She used to be my girl but now she's famous
(She's famous now)
She was just so sweet and now they're fallin' at her feet
She used to be my girl but now she's
Oh, let's go

Well she's like me, just not as ugly

She used to be my girl but now she's famous
(She's famous now)
She used to be my girl but now she's
She was just so sweet
She was just so sweet

She was just so sweet and now they're fallin' at her feet
She used to be my girl but now she's
Famous now
