I guess it's not fair
For you to not care
But i don't and that's why
You think i'm a great guy
But i want you and you want me to
And you need this, wanna give it to you
And i thought this time i'd say something new
I'll call you, i swear
So next time be there
Can't keep up, no more
Should quit but, what for?
Cause i want you and you want me to
And you need this, wanna give it to you
And i thought this time i'd feel something new
It's not cruel, i do like you
Well i want you to feel that i do
And i want you and you want me to
And you need this, wanna give it to you
And i thought this time i'd be someone true
Yeah i want yo and you want me too
And you need this, wanna give it to you
And i thought this time i'd say something new
