There's a little girl on my mind
Little girl all the time
Little girl, there's always one
Look what she's done

She makes me look at her thighs
You know I sure hate to lie
Why can't you stay here
You know it's so beautiful
Man, how come all girls think there fat?

Hey hey hey, she's so pretty
Hey hey hey, my friend
Hey hey hey, I feel stupid again

She said, "It's all right"
She said, "Come over tonight"
She said, "My mom's not home"
She said, "I'm all alone!"

She took me back to her house
She pushed me down on the couch
She said, "Now it's all right
We're gonna be good friends
'Cause that kissin' only leads to the end"

Hey hey hey, she's so pretty
Hey hey hey, my friend
Hey hey hey, I feel stupid again

Hey hey hey, she's so pretty
Hey hey hey, my friend
Hey hey hey, I feel stupid again

Hey hey hey, she's so pretty
Hey hey hey, my friend
Hey hey hey, I feel stupid again
