Well I think I saw you in a dream
You were dancin' by the slot machine
With a complementary whiskey in your hand
And when you asked what kind of streak I was on
Somehow it just got better
So we might as well pull our asses out of dodge

You spin the wheel and I roll the bones
Never let them think they've got us down
Got us down
'Cause were already down, yeah
Already down
We'll hide away from the sun all day
The change of lights will lead our way
To heaven or the highway out of town

So I think I saw you in a dream
Or was I just sucking down toluene
With a complementary vodka in my hand
When you asked what kind of trip are you on
And I blurted out somethin' stupid
When you grabbed my hand to drag me off to bed

You spin the wheel and I roll the bones
Never let them think they've got us down
Got us down
'Cause were already down, yeah
Already down
We'll hide away from the sun all day
The change of lights will lead our way
To heaven or the highway out of town, yeah

You spin the wheel and I roll the bones
Never let them think they've got us down
Got us down
'Cause were already down, yeah
Already down
We'll hide away from the sun all day
The change of lights will lead our way
To heaven or the highway out of town
Yeah yeah yeah yeah yeah yeah yeah yeah yeah
yeah
