"Decisive Victory"

Visit "[Decisive Victory](#)" on MotoLyrics.com

On the morning of December 26th
A day when nothing seemed a mis
This unsuspected attack was planned
With many a musket held in hand

Melody: Potash
Fourteen-hundred Jagers shown
This brute force of our own
In this icy water crossed
What was to be a Decisive Victory

When the twilight became the dawn
They pushed on toward Commander Rall
With their numbers doubled in strength
The Brave toppled the Hessian brigade

Repeat chorus
Solo: Potash
Repeat chorus 2x
Solo: Potash
