Dancing close to you. I was supposed to be at home by
4 but stayed and time just flew
I hardly had the guts to say hi to you.
I'm quite young you are older than me
but I smoke one pack a day so lets say "even Steven"
baby

We're Going to Die at the same time you and I (3x)

A dog I knew he died a week ago and a few days later
his doggie friend
he passed to cuz there's no point in being without a
best friend
I didn't get it then but now I see who it's going to be

We're Going to die at the same time you and I(3x)

Inhale exhale I breathe like a pervo in the presence of
you
To tired for concealment and stating the obvious hey
don't come closer
Please come closer, come closer (4x)

Brains with the same beat we've been there done that
but not really factually
we hide in irony we are breaking free at the same pace
(that's enevitable) just hold on tight tonight

We're Going to die at the same time you and I
