Petrol bombs and barricades - Anything to have our  
say.

Consequence of no choice at all - Empires rise and  
empires fall.

It's time to turn some tables.

Cause if we have the vision I know that we are able.

Suck on my words for a while and choke in the truth of  
a million dead.

There is no prestige in your title, we are after your  
head.

The destruction of everything is the beginnig of  
something new.

Your new wold is on file and soon you'll be too.

Sabotage will set us free.

Throw a rock in the machine.
