### "Hypocrisy"

Tell me, tell me, whos around me with no mask  
With no more, with no more intentions than those  
shown  
In their words, in their covers

Who denied himself todo lo que fu  
Now is seeing through my eyes  
Knowing all of the damage que dej atrs  
Who betrayed me twice trato de confiar  
And now is seeing through my eyes  
Killing part of my sadness antes de hablar

All I see is hypocrisy, thats why Im asking you  
Who is real, who is real, whos my friend then

Solo estoy, when I fall  
Solo estoy, Im alone with all of you around  
I cant trust you  
I cant trust your words
