At last,
My love has come along
My lonely days are over
And life is like a song

At last,
The skies above are blue
My heart was wrapped up in clover
The night I looked at you

I found a dream,
That I could speak to
A dream that I can call my own
I found a thrill, to press my check too
A thrill that I have never known

You smile,
You smile
Whoa and then the spell was cast
And here we are in heaven
For you are mine

At last
