Fa la la la la...

When I was young, every Christmas Eve I could not
sleep
Trying to catch that old St. Nick leaving presents under
the tree
And every year I fall asleep laying in my bed
Dreaming of a million sugar plums dancing in my head

Oh how much joy it is at Christmas time
Spirit of giving is in our lives
Oh how much joy it brings to see the one you love
This year's gonna be the best Christmas because

CHORUS:

Every family, Christmas tree
Peace and goodwill to all men
Everybody is home for Christmas
Everybody is home
Sneaking a kiss under the misletoe
I want a white Christmas so let it snow
Everybody is home for Christmas
Everybody is home this Christmas time

Friends come together as we decorate the tree
This is the time of year to live in harmony
Angels watch over as we put the kids to sleep
And when they awake the smiling faces make it all
complete

This is the holiday with family
Put aside our differences, let it be
Oh how much fun it is, gifts to receive
This time of year love is all we need

CHORUS

Fa la la la la....

RAP:

In your heart now this is the time for us to give

The world needs love now so live and let live
Family's all here, the spirit is good cheer
The sound of carols ringing sweet in my ear
Everything is all right
You know why? It's Christmas time

Oh how much joy it is at Christmas time
Spirit of giving is in our lives
Oh how much joy it brings to see the one you love
This year's gonna be the best Christmas because

CHORUS 3x
