I've been casing your joint for the best years of my life
Like the look of your stuff, outta sight When I'm hungry
and when I'm cold When I'm having it rough Or just
getting old Listen up sweet child of mine Have I got
news for you Nobody leaves this place alive They'll die
and join the queue Better man the barricades I'm
coming in tonight Had a line of my dust, outta sight
When I wander and when I roam I'll find a soul I can
trust I'm coming home Listen up sweet child of mine
Have I got news for you Nobody leaves this place alive
They'll die and join the queue, sing it I'm, I'm gonna
break right into heaven I can't wait anymore Heavens
gates won't hold me I'll saw those suckers down
Laughing loud at your locks when they hit the ground
Every icon in every town Hear this your numbers up I'm
coming round Listen up sweet child of mine Have I got
news for you Nobody leaves this place alive They'll die
and join the queue, sing it I'm, I'm gonna break right
into heaven I can't wait anymore How many times do I
have to tell you You don't have to wait to die You can
have it all Anytime you want it Yeah, the kingdom's all
inside
