Soak me to my skin
Will you drown me in your sea
Submission ends and I begin

Choke me smoke the air
In this citrus sucking sunshine
I don't care you're not all there

Every backbone and heart you break
Will still come back for more
Submission ends it all

Here he come
Got no question got no love
I'm throwing stones at you man
I want you black and blue and
I'm gonna make you bleed
Gonna bring you down to your knees

Bye bye badman
Ooh bye bye

Choke me smoke the air
In this citrus sucking sunshine
I don't care you're not all there

You've been bought and paid
You're a whore and a slave
Your dark star holy shrine
Come taste the end you're mine

Here he come
Got no question got no love
I'm throwing stones at you man
I want you black and blue and
I'm gonna make you bleed
Gonna bring you down to your knees

Bye bye badman
Ooh bye bye

I've got bad intention
I intend to
Knock you down
These stones I throw
Oh these french kisses
Are the only way I've found

I've got bad intention
I intend to knock you down
These stones I throw
Oh these french kisses
Are the only way I've found
