Hell hath no fury like a woman scorned I'll tell you my
story man, I wish I'd never been born I'm loose at the
seams, I've broken my dreams And my hand, it shakes
the pen Come on, come on now, baby, let the good
times roll again, yeah Where did our sweet love go?
Who stole away our time? Why do the stars above
refuse to shine? The harder I try to paint a picture of
the way it was back then The more I miss the good
times, baby, let it roll again Good times baby, this is
the time I need to know that your love is mine Love me
up, yeah, reel me in I'm hooked, line and sinker, she's
my heroin How many days have I been lying on my
back Staring at the ceiling girl, stretching on your rack?
The harder I try to paint a picture of the way it was back
then The more I miss the good times, baby, let it roll
again Good times baby, this is the time I need to know
that your love is mine Love me up, yeah, reel me in I'm
hooked, line and sinker, she's my heroin Said I'm
hooked now, I'm not fakin', I'm here till the day I die
can't get enough now, my heart is aching I'm in too
deep to stop, all I want is those Good times baby, this is
the time I need to know that your love is mine Love me
up, yeah, reel me in I'm hooked, line and sinker, she's
my heroin
