Down down, you bring me down
I hear you knocking at my door and i can't sleep at
night
Your face, it has no place
No room for you inside my house i need to be alone

Don't waste your words i don't need anything from you
I don't care where you've been or what you plan to do

Turn turn, i wish you'd learn
There's a time and place for everything i've got to get it
through
Cut loose, you're no use
I couldn't stand another second in your company

Don't waste your words i don't need anything from you
I don't care where you've been or what you plan to do

Stone me, why can't you see
You're a no-one nowhere washed up baby who'd look
better dead

Your tongue is far too long
I don't like the way it sucks and slurps upon my every
word

Don't waste your words i don't need anything from you
I don't care where you've been or what you plan to do

I am the resurrection and i am the light
I couldn't ever bring myself to hate you as i'd like

I am the resurrection and i am the light
I couldn't ever bring myself to hate you as i'd like
