I heard them marchin' down my street
I felt them coming
They were warriors of love,
I couldn't flee
Then I, I saw this soldier standing out
Without a weapon he shot a bullet
Through my heart and I fell down

That was you and me,
You brought me to my knees
Your colors fading

When I first saw you,
You were dancing
You were dancing away to the beat of your own drum
The beat of your own drum

But now I see your uniform
You're not a soldier
Just a boy who has no one to keep you warm

That was you and me
You brought me to my knees
Your colors fading

When I first saw you,
You were dancing
You were dancing away to the beat of your own drum
My heart stood still
You were dancing
You were dancing away to the beat of your own drum
The beat of your own drum

When I first saw you,
You were dancing
You were dancing away to the beat of your,
The beat of your own drum

You better run,
Run as fast as you can
Or stick your head back into the sand

You've built these walls all over the land
But they'll be tumbling down,
Tumbling down

When I first saw you,
You were dancing
You were dancing away to the beat of your own drum
My heart stood still
You were dancing
You were dancing away to the beat of your own drum
The beat of your own drum
