I don't know about your dad  
I was not the one he wished for  
I just wanted to reach out for some real love

And I don't know about you  
I don't know what you care for  
I just know we were looking for some real love

Let me take you for a drive through the ghost towns  
Take you on a trip down dead end streets  
I'll take you for a ride down ghost river  
There is a place that I want you to see

Oh Lord I'm done with the waiting  
Yeah Lord have mercy on me  
Is there a reason for me to hold on to this beauty inside  
you and me  
Hey, you and me

I don't care about age  
No I don't wanna live forever  
I just want us to hold on to this love

I'm not a girl of many words  
No, I don't know all the answers  
But I know there is good, there is bad, and that is real  
love

Let me take you for a drive through the ghost towns  
Take you on a trip down dead end streets  
I'll take you for a ride down ghost river  
There is a place that I want you to see

Oh Lord I'm done with the waiting  
Yeah Lord knows I still believe  
Is there a reason for me to hold on to something real

Love is not a film  
Love's not a song  
Love's not a painting  
My love needs you working hard, needs compromise,

needs waiting  
Love is not a drug  
Love's not for free nor can you buy it  
Love is what you give  
Not what you get and that's the end of it

Let me take you for a drive through the ghost towns  
Take you on a trip down dead end streets  
I'll take you for a ride down ghost river  
There is a music that I want you to see

Oh Lord I'm done with the waiting  
Hell Lord have mercy on me  
Is there a reason for me to hold on to this beauty inside  
you and me

Love is not a film  
Love's not a song  
Love's not a painting  
My love needs you working hard, needs compromise,  
needs waiting  
Love is not a drug  
Love's not for free nor can you buy it  
Love is what you give  
Not what you get and that's the end of it
