So you think that you'll make it alone  
Well I've tried before, it's hard on your own  
You're looking for something to fill up your days  
And I think that I know why you're feeling this way  
Anything you want sugar, just don't walk away  
And you still can't make up your mind you know  
Should you stay or should I go  
Baby, oh baby, we can work it out  
Maybe, just maybe, you'll turn around and I'll hear you  
say

Chorus:

Want you back, won't you come back  
Want you back, back in my arms tonight  
Well I'll try, and I'll try, and I'll try again  
And I'll never give up till the very end  
Why won't you listen, what's going on?  
It doesn't matter who's right and who's wrong  
Well I've been thinking, time has passed  
And you know better than to think like that  
You got me baby and I've got you, tell me if there's  
anything we can do  
Baby, oh baby, we can work it out  
Maybe, just maybe, save me from another broken heart  
chorus

(Solo)

Want you back, back in my arms tonight  
Want you back, want you back, can't you hear me  
calling

(repeats 3x)

You know I love you girl
