You, you are the one, you're all I've been thinking about  
And I, I'd give it all away, if only you were here beside  
me

For one moment, you're so close, I can feel you breathe  
For one moment, now you're all I know that I need

Just when I thought you were there to depend on  
Don't you know that I've tried everything I know to do  
I would lie or die for you -  
I just want to know why, 'cause

I've got a lot to learn about love, oh yeah  
The only girl I care about is gone, she's gone  
Teach me about love

And now, now that you're gone  
I'm here with my emotions and now I'm alone  
You, you can't see the love I'm feeling for you

I can't let this moment slip away  
Don't you know that every single time I feel this way  
I would lie or die for you -  
I just want to know why, 'cause

I've got a lot to learn about love, oh yeah  
The only girl I care about is gone, she's gone  
Teach me about love

Show me baby, well I need your love, love, oh yeah

I've got a lot to learn about love, oh yeah  
The only girl I care about is gone, she's gone  
Teach me about love

I've got a lot to learn about love, yes I do  
Oh I've got a lot to learn about love, yes I do  
I've got a lot to learn about love, love  
The only girl I care about is gone
