Would I let go
It feels like I hold my breath
Would I let go
Untouched as I leave your bed
I'd never let go
But I need a beating ground
I can't go on and on and on away with you

Cause I should be dancing like a raver
Should be dancing the way we used to dance when
days were young

Would I let go
Unravel my troubles
Would I let go
And say all the things I said
I'll never let go
I would have died for you
I can't go on and on and on away with you

Cause I should be dancing like a raver
Should be dancing the way to the beat of your heart
tonight
Yeah I should be dancing like a raver
Should be dancing the way we used to dance when
days were young

I never saw it coming down
Cause love don't seem to make a sound
Just shoot me down
It's all the same
Now heaven seems so far away
I never saw it coming down
Just like a body when it hits the ground
It's colder than a winters day
You can't take back the things you say

Cause I should be dancing like a raver
Should be dancing the way to the beat of your heart
tonight
Yeah I should be dancing like a raver

Should be dancing the way we used to dance when
days were young

We could dance
We could dance
We could dance until we die
Just like ravers you and I
Dance forever

We could dance
We could dance
We could dance until we die
Just like ravers you and I
Dance forever
