You keep me waiting, you keep me waiting  
You are the love of my life, you are the sun that shines  
on me  
And now that we've come so far, something is wrong,  
what could it be  
You tell me you need some time alone, baby there's  
way too much at stake  
I can't be still while you're gone, when will I know, how  
long will it take  
Remember the good times weren't too hard to find, oh  
no  
Now minutes turn to hours, hours turn to days  
Isn't there anything you can say?  
Chorus:  
You keep me waiting, still waiting for you, oh girl I don't  
know what to do  
(I'm waiting) first you're here then you're done  
I'm afraid you've been leading me on  
(You keep me waiting)  
Are we the pawns in this game, well if it's true, who's  
moving you  
We lay it all on the line, how can we play if we don't  
know the rules  
Those two little words you find so hard to say, oh yeah  
Now hours turn to days, days turn to weeks  
I said I'm sorry but still you won't speak  
chorus  
Don't lead me on, no  
(Solo)  
Oh I don't understand, it seems to go hand in hand  
Oh you made me believe, oh, oh, oh  
I'm still waiting, still waiting for you, oh girl I don't know  
what to do  
(I'm waiting) first you're here then you're done  
I'm afraid you've been leading, leading me on  
(You keep me waiting) oh girl I don't know what to do  
(I'm waiting) first you want me then you don't  
You say you love me but baby, baby you won't  
(You keep me waiting)
