[Chorus 1]

Now what am I supposed to do  
When I want you in my world  
How can I want you for myself  
When I'm already someones girl?  
(repeat 2X)

Verse One:

First time that I saw you boy  
It was a warm and sunny day  
All I know is I wanted you  
I really hoped you looked my way  
When you smiled at me  
So warm and sweet  
I could not stay  
You make me feel like a itty-bitty girl  
What do you do to me

Chorus 1 (repeat 2X)

I guess I'll see you next lifetime  
No hard feelings  
I guess I'll see you next lifetime  
I'm gonna be there

Verse Two:

Your energy, feels so damn good to me  
It picks me up don't wanna come down  
You got me spinning all around  
Yeah  
You need to know  
I've got that somebody  
You're beautiful  
But it ain't that kind-a party nowwww

Chorus 1 (repeat 2X)

Well I guess I'll see you next lifetime  
Baby we'll be butterflies

I guess I'll see you next lifetime  
That sounds so divine

I guess I'll see you next lifetime  
I guess I will now  
I guess I'll see you next lifetime  
Wait, wait a little while

Verse Three:

See it ain't nothing wrong with dreaming  
Boy don't get me wrong  
Cause every time (every time) I see you (every single time)  
I know just how strong (every single time)  
That my love is for my baby  
But emotions just don't lie  
Well I know I'm a lot of woman  
But not enough to divide the pie

Chorus 1

I guess I'll see you next lifetime  
You know I want to stay around  
I guess I'll see you next lifetime  
I'm so confused now

Chorus 1

I guess I'll see you next lifetime  
Already  
I'm going to be there  
I guess I'll see you next lifetime  
I'm going to look for you

Chorus 1

I guess I'll see you next lifetime  
Oh  
Oh baby  
I'm gonna be there  
I'm gonna be there
