"Goodbye Toulouse"

Your streets were paved with love
Your skies were blue
Goodbye Toulouse

I walked your streets in fear
I washed your streets with tears
Toulouse

Goodbye Toulouse

Your cafes tell the tale
Of saddened millionaires
Toulouse

A million dreams I've had
A million lies I've told
Toulouse

Goodbye Toulouse

Paula leaned out to me
From her high balcony
Toulouse

I will return some day
So you can hear me say
Farewell

Goodbye Toulouse
Goodbye Toulouse
Goodbye Toulouse
