Wrap it up and get some sleep
A three hour flight back and I
Cant hardly wait
I don't know how I could lose everything
I got caught up in the flow of it all and it
Swept me away
Cause I don't have any luck
No I don't have any luck
Cause I don't have any luck at all
Should of known there's no such thing
Just let the time pass for now tomorrows today
I don't know how I could lose everything
I got caught up in the flow of it all and it
Swept me away
Any luck at allâ€¦
