Ready, two, three, four
Step to the right, step to the left
Step in forward, step in back
Step to the right, step to the left
Step in forward, now jazz hands

Boot to the moon, jazz hands
Boot to the moon, jazz hands
Boot to the moon, jazz hands
Boot to the moon, boot to the moon

Jazz hands, boot to the moon
Jazz hands, boot to the moon
Boot to the moon, boot to the moon
Boot to the moon, very good

Keep it up, hit those boots to the moon

Boot to the moon, jazz hands
Boot to the moon, jazz hands
Boot to the moon, boot to the moon
Boot to the moon, jazz hands

That's real good
Now we'll start over again
Right, left, forward, back, ready?

Step to the right, step to the left
Step in forward, step in back
Step to the right, step to the left
Step in forward, now, boot to the moon

And jazz hands, boot to the moon
Jazz hands, boot to the moon
Jazz hands, boot to the moon
Boot to the moon, jazz hands
You all a real good bunch
