[B Box intro]

i wrote a letter the other day
to a girl who i feel for
bitches come and get some
i know, i know you want to come and get some

i saw you at the orgastry in las vegas
you were dealing cards to me
(in the casino)
but i lost

bitches come and get some
i know, i know you want to come and get some

and you know your mine
i'm finally happy
i need to be happy

so you think you can compete
with me
(you think you can compete with me)
oh shit i think i lost

so bitches come and get some
i know, i know you want to come and get some
bitches
get some
get some
get some
Bitches come and get some

Like the Muppets
