

Reggie And The Full Effect "Caving"

Visit "[Caving](#)" on MotoLyrics.com

Bite the hand that feeds your face,
One more thing you can replace,
Shut my mouth because I'm spilling all your dirty
secrets,
Slap the wrist of this embrace,
You're the one who's losing face,
Search the quiet corners,
Lock the door i can hear you screaming,
Don't wake up you're not really dreaming,

When your world starts caving in,
I'd still take you in,

Pour the songs straight in my veins,
I won't need them anymore,
Make the cut much deeper,
Lying on your bedroom floor,
I'm giving up, I'm giving up,

When your world starts caving in,
I'd still take you in,
And if your world filled you with fear,
And I'm already here

And I've been everything you ever needed,
Ever wanted,
Everything you wished for,
And this is how you repay me,
And I've always been right here,
And you play your part and i'll play mine,
Even if I don't want to,

Wish i understood this game,
But it costs me just the same,
Whatever i owe you,
Never sacrifice the play,
But it always ends,
It always ends the same,

When your world starts caving in,
I'd still take you in,
And if your world filled you with fear,

And I'm already here.
And if your world starts caving in,
(And I don't need you anymore)
I'd still take you in,
(And I don't need you anymore)
And if your world filled you with fear,
(And I don't need you anymore)
And I'm already here.
