The h-r-c with the r-g-e

Sometimes when Im away I think of you
Think of what I'd like to do
When were alone

But it kills me to know
(its not a situation)
That you'll never know
(for any expectation)
As far as I know
(a constant complication)
Youll never know

So say you'll stay the day, I want you to
Everything depends on you
Don't let me go

I wish that I could say I'd stay with you
But you know that that's not true
Please let me go

But it kills me to know
(its not a situation)
That you'll never know
(for any expectation)
As far as I know
(a constant complication)
Youll never know

(hard)
To know what's in your heart so, you're just looking to
find
(part)
Of what you're sayings not effecting on my soul or my
mind

Just keep your feet on the ground
Even when Im not around
I wont give up on you

(hard)

To know what's in your heart so, you're just looking to
find
(part)
Of what you're sayings not effecting on my soul or my
mind

(hard)
To know what's in your heart so, you're just looking to
find
(its not a situation for any expectation)
(part)
Of what you're sayings not effecting on my soul or my
mind
(a constant complication)

You'll never know
