hanging on to you

its all I want to do

now you

now you'll run away

hold on girl and stay

stay with me

with me

so how's my best friend

please don't let it end

smile was sent to mend

mend you

what won't go your way

THINK OUT LOUD and stay

stay with me

with me

its all the silly things

to be holding on to this

feels like a spell

and you'll know your mine if its true

only for you

only for you
