Hide the children  
Don't make a sound sister  
Hide the children  
We will save this together

How do angels sleep with demons locked inside?  
Lost yourself to a religion deep and wide  
Show me faith, I'll show you faithfuls, running start  
Till there's a chance we all are given, trust your heart

Nothing is more important than to educate the lost  
And the weak

Are you scared?  
Are you scared?  
Are you scared?  
Are you scared?

Save your face, you're gonna need it, slowing time  
Use yourself the anger feeds it, one more line  
Chip away the tie that binds you day by day  
Take this pill so they can't find you, slip away

But nothing is more important than to emulate the lost  
And the weak

Are you scared?  
Are you scared?  
Are you scared?  
Are you scared?

I've been away for so long  
I've been gone before  
But trust me  
Not anymore

Are you scared?  
Are you scared?

Are you scared?  
(Why do angels sleep with demons locked inside?)  
Are you scared?

(Lost yourself to a religion, deep and wide)  
Are you scared?  
(Show me faith, I'll show you faithfuls, running start)  
Are you scared?  
(There's a chance we all are given, trust your heart)

Are you scared?
