And I can't be here, how will I know?  
Telling me to leave, where can I go?  
My courage fails me  
I'm outside, I'm listening for the storms

What should I do?  
Let them come in peace, where can I go?  
We're rising in the east, how will I know?  
And I'm outside and I can feel the darkness growing

It's a major complication  
How'd you do this to the nation?

Look at the time, what should I do?  
Catching up to me, where can I go?  
I know I'm not in Kansas anymore

It's a major complication  
How'd you do this to the nation?  
Passing off is why I'm leaving  
Leave me with my own grieving

Hold onto hope and hope it lets you breathe  
Headfirst with me until it's time to leave

I can't be here, I can't explain  
Tell me to leave, what should I do?  
Courage fails, how will I know?  
Listen for storms

It's a major complication  
How'd you do this to the nation?  
Passing off is why I'm leaving  
Leave me with my own

Fall into love, fall out of love  
When it begins, here's where it ends  
Fall into love, fall out of love  
Here's where it ends, here's where it ends

Hold onto hope and hope it lets you breathe  
Headfirst with me until it's time to leave

Until it's time to leave
