[inaudible screaming from sean-o-tronic]

You might have been
Something I'm not
You must have said words I forgot
What if it did
come crashing down
We'd still get screams without a sound

Can you feel your life
come falling on your face
You'll renew it
You're like a child
Your mother said it
What if it again
it comes crashing down
And what if screams don't have a sound

Can you feel your life
come falling on your face
And you throw it way
Don't throw it away today

Throw it away [x3]
