Come on
Let's not
Fake it
You know
You are
No good
Aaaaaaat
Lying

You better think of something
You better think of something now

Come on
Let's not
Fake it
You know
You are
No good
Aaaaaaat
Lying

You better think of something
You better think of something now
You better think of something
You better think of something
I wouldn't think of running
I wouldn't think of running now

So much for the hero
He left you at zero
And now you never wanna play
(you'll never win!)
Threw me out your window
With everything you know
That i'll never ever say

Come on
Let's not
Fake it
You know

You are
No good
Aaaaaaat
Lying

You better think of something
You better think of something
I wouldn't think of running
I wouldn't think of running now

So much for the hero
He left you at zero
And now you never wanna play
(you'll never win!)
Threw me out your window
With everything you know
That i'll never ever say

I want to watch you bleed
(i want to watch you bleed)
I want to watch you bleed
(i want to watch you bleed)
