You said you did it for the money  
Do you think our friends will need you now?  
You said it felt that so was ready  
I'm sorry now you've got to catch your ass and cry

There's no apologies  
And I'll be around you wait and see

You should have let your kind of me shred  
Your dress and mood to me looks fine  
So tell me what is all this trouble  
Screw you and all your world, you'll never get the time

And there's no apologies  
And I'll be around you wait and see  
You sailing, floating in the air  
Don't try explaining, baby I don't care

You're not a lady, don't act like a lady  
You're not a lady, don't act like a lady  
You're not a lady, don't act like a lady  
You're not a lady, don't act like a lady

You're not a lady, don't act like a lady  
You're not a lady, don't act like a lady  
You're not a lady, don't act like a lady  
You're not a lady, don't act like a lady

And there's no apologies  
And I'll be around, you wait and see  
You sailing, floating in the air  
Don't try explaining, baby I don't care

Here's where the buck stops, here's where we end  
Why would I ever want to be your friend?

You're not a lady, don't act like a lady  
You're not a lady, don't act like a lady  
You're not a lady, don't act like a lady  
You're not a lady, don't act like a lady

You're not a lady, don't act like a lady

You're not a lady, don't act like a lady  
You're not a lady, don't act like a lady  
You're not a lady, don't act like a lady  
Don't act like a lady, don't act like a lady
