It's cost me a lot but there's one thing that I've
got

It's my man, it's my man

Cold and wet, tired, you bet

All of this I'll soon forget with my man

He's not much on looks, ain't no hero out of
books

But I love him, yes, I, I love him

Two or three girls has he

That he likes as well as me but I love him

I don't know why I should

He isn't true, he makes me blue

What can I do?

Oh, my man, I love him so, he'll never know

All my life is just a spare but I don't care

When he takes me in his arms

The world is bright, all right

What's the difference if I say, I'll go
away

When I know I'll be back on my knees someday

For whatever my man is

I'll be in his forevermore, forevermore

I don't care what it's cost me but I love my man

'Cause he's my man, he's just my man

Cold and wet, tired, you bet

I [Incomprehensible] with my man, with my man

Should I love him? Should love him

I just love him, I love him, my man

My man, I've always loved him

I love him, love my man

I love him so, he'll never know

All my life is just a spare I just don't care

When he takes me in his arms

The world is bright, all right

What's the difference if I say, I'll go
away
When I know I'll come back on my knees
someday
For whatever my man is
I'll be his forevermore
