You seem preoccupied if not uptight
With nothing going on
Seems unfortunate to waste a night
On the dope that don't come
six days until I'm sane
dirty heop taking me away
Looks like I'm free
from the couple of crippled and maimed
stop me if I'm wrong

to the days of the beautifully strange
it's all been done done
so you'll stay here a while for spite
I don't care man take your time
but I won't be coming home tonight
with nothing going on
