Engine's singing through the night,  
My wheels just keep on turnin'  
A new days hope will come to light,  
As long as the sun's still burnin'  
From shore to shore I will be there,  
For my heart's always beatin'  
To feel the wind rush through my hair,  
As long as I keep dreamin'

Alive!  
See the stars fall from the sky  
The weather's always warmer  
When you want to believe  
Alive!  
Cause life always shows ya  
To savor each moment  
Never hurry and let time pass you by

Highway's rhythm keeps in time,  
As white lines pass beside me  
The radio plays my favourite song,  
I sing to "More Than A Feeling"  
The windows down and a rush of air,  
The streetlight's always blinkin'  
From town to town without a care,  
This life is worth believing
