All around me now  
There's nothing but pain  
And I'm giving nothing back  
That you gave  
My house is crowded now  
And I just can't convey  
Just how much you meant to me

And you take  
A little time  
Those mistakes  
You know they were mine  
And all the plans  
That we made  
Turned to stone  
Walking away to live a lie

Now you found an open place  
Where you wanted to be  
And there's nothing better than  
What you need  
And all those lonely eyes  
Keep searching the streets  
To find the things you gave to me

And you take  
A little time  
Those mistakes  
You know they were mine  
And all the plans  
That we made  
Turned to stone  
Walking away to live a lie

And you take  
A little time  
Those mistakes  
You know they were mine  
And all the plans  
That we made  
Turned to stone  
Walking away to live a lie

Walking away to live a lie  
Walking away to live a lie
