I don't know what you're saying
Don't bother explaining
Your reasons are old
Hoping somebody's listening
Can't you see that you missed them
It's taken it's toll

All good things have gone under
Continue to lumber
So bright and so loud
Just forget all you wanted
It's time to move on here
We're lost in the sound

Wander Wander
Backwards you wander
Think you know my name

You're pulling triggers
On anything bigger
Than yourself
Everyday

Window panes are all broken
Don't speak cuz you've spoken
I won't hear a thing
All or nothing defeats you
My god can't we please you
It's some kind of game

Wander Wander
Backwards you wander
Think you know my name

You're pulling triggers
On anything bigger
Than yourself
Everyday
And all your troubles
Just blame them on your double
As you walk away

Wander Wander
Backwards you wander
Think you know our name

You're pulling triggers
On anything bigger
Than yourself
Everyday
And all your troubles
Just blame them on your double
As you walk away
