I wanted to know about tenderness
About the magic in a kiss and all the rest
It was easy for you to play the part
Of a Romeo to my willing heart
I gave it freely
Oh you showed me

Just a little more than I wanted to know
Just a little further than I wanted to go
I found out if you twist me, turn me, sooth me, burn me
You leave me all mixed up
That's just a little more than I wanted to know about
love

It's a real good lesson, I learned from you
The more you give, the more you stand to lose
I gave my all, hey that's the deal
But what I got was all to real
The joy and the lonesome
The good and then some

Just a little more than I wanted to know
Just a little further than I wanted to go
I found out if you twist me, turn me, sooth me, burn me
You leave me all mixed up
Thats just a little more than I wanted to know about love

Just a little more than I wanted to know
Just a little further than I wanted to go
I found if you heal me, break me, kill me, save me
Hurts all too much
That's just a little more than I wanted to know about
love
About love
