The pressure's on
You got to make it happen
deadline stares you in the face
Will you pull up, will you carry on?
The people around you
It seems like they've lost their faith

But it ain't me
I'm just the message man
It ain't me
'Cause there's no news at hand
I'm not the one
That's come to set them free
It ain't me
I'm just the message man
Late last night you galled
You said that I 11 have to wait
Well you know that I'm under the gun
You say in time it will come
But I can't help being scared
Because I know not what s out there
But it ain't me
I'm just the message man
It ain't me
Cause there's no news at hand
I'm not the one
That s come to set them free
It ain't me
I'm just the message man

We can t help but feel unwanted Being held upon a
stringIt was just a
mistake that somebody madeI guess it was just one of
those business
things

They're not friends
They re just a company
But it hurts me when I hear them say
'Cause I wasn't brought up that way
What you done boy it ain't through

Well you know they don't understand

But it ain't me
I'm just the message man
It ain't me
'Cause there's no news at hand
I'm not the one
That's come to set them free
It ain't me
I'm just the message man

It ain't me
I'm just the message man
