Hey Girl, have you been runnin down by the river again
Muddy Mississippi
All alone you went back,
You know mama don't like that

One time, it ain't fair
One time, you don't care
Now I'm beggin you
You who dream so well
Why don't you dream yourself
Into being a little bit happy one time

You know I know you're the very special one,
You're one of a kind
You put the pen to the paper
And create a whole new world, a world of your own

One time, it ain't fair
One time, you don't care
Now I'm beggin you
You who dream so well
Why don't you dream yourself
Into being a little bit happy one time

Sweet young angry one are you going to run away from
me
Well that's alright as long as you got something better
you're running to
I won't take it personally
You know too well I will always take you back cuz I'm
greedy that way

One time, it ain't fair
One time, you don't care
Now I'm beggin you
You who dream so well
Why don't you dream yourself
Into being a little bit happy one time
