"Run Little One"

Visit "[Run Little One](#)" on MotoLyrics.com

It's 7am
Been asleep all night
Get up, get up now
Run little one
'Cause we're running behind
We're running out of time
Running behind
Running out of time

Rumble all through your clothes
For I watch what you wear
Hey now baby
Comb your pretty hair
Get up get up now
Run little one
Get up get up now
Run little one

It's the past that outshines you,
It's the future we're looking to,
There's never been any-one quite like you

I'll start the car
'Cause it's half past
Hey now baby, now baby
Ready at last
Get up get up now
Run little one
Get up get up now
Run little one
Get up get up now
Run little one
Get up get up now
Run little one
Get up get up now
Run little one
Get up get up now
Run little one
