Standin' by my window
Waitin' for your call
Seems I really miss you after all

Time won't let me
Decide thoughts to myself
I'd just like to let you know
I wish I'd never let you go

I'll always love you
Deep inside this heart of mine
I do love you
And I'll always need you
And if you ever change your mind
I'll still, I will love you

Night after night
Searching for the light
You saved me, you gave me
Something I could feel

Love is all that matters
Faithful and forever
Keepin' us together
Love is all we need
Prisoners of illusions

Loneliness has ended
Love has set me free

Longer than thereve been fishes in the ocean
Higher than any bird ever flew
Longer than thereve been stars up in the heavens
Ive been in love with you

Ill bring fires in the winters
Youll send showers in the springs
Well fly through the falls and summers
With love on our wings

Through the years as the fire starts to mellow

Burning lines in the book of our lives
Though the binding cracks and the pages start to
yellow
Ill be in love with you

Take my hand
We'll walk a while
We'll talk a while
Feel my love
Always there beside you
Be the one
I know you'll tell me everything
You are the one
I cherish more than anything

I love you more than you'll ever know
I love you more than you'll ever see
More than my heart could ever show
I love you more than you'll ever know

Love is all that matters
Faithful and forever
Keepin' us together
Love is all we need
Prisoners of illusions
