HOLD ON TO YOUR DREAMS

Don't be afraid to stand up when you fall  
To try and strive until you've given it all  
And don't be afraid to learn from your mistakes  
Don't let your spirit break and put you down

There's a spark of hope to guide you  
Just believe in what's inside you  
Someday all your wishes will come true

REFRAIN:

(If you/When you) hold on, hold on to your dreams  
Don't ever give up no matter how hard it seems  
Until you see the sun come shining bright for you  
Hold on till your dreams come true

Dare to be strong and weather all the storms  
It's time to cast your doubts and fears away  
Stand brave and tall, through troubles great and small  
You'll beat the odds with just a little faith

There's a spark of hope to guide you  
Just believe in what's inside you  
Someday all your wishes will come true

REPEAT REFRAIN

ADLIB

Until you see the sun come shining bright for you  
Hold on till dreams come true

BRIDGE:

When you're down and out you must begin again  
Until you finally reach the rainbow's end

REPEAT REFRAIN
