I gotta take a little time, a little time to think things over
I better read between the lines, in case I need it when
I'm older

Now this mountain I must climb, feels like the world
upon my shoulders

Through the clouds I see love shine, it keeps me warm
as life grows colder

In my life there's been heartache and pain
I don't know if I can face it again

Can't stop now, I've travelled so far, to change this
lonely life

I want to know what love is, I want you to show me
I want to feel what love is, I know you can show me
I'm gonna take a little time, a little time to look around
me

I've got nowhere left to hide, it looks like love has
finally found me

In my life there's been heartache and pain
I don't know if I can face it again

Can't stop now, I've travelled so far, to change this
lonely life

I want to know what love is, I want you to show me
I want to feel what love is, I know you can show me
I want to know what love is, I want you to show me
(And I wanna feel) I want to feel what love is
(And I know) I know you can show me

Let's talk about love - I want to know what love is
The love that you feel inside - I want you to show me
And I'm feeling so much love - I want to feel what love
is

No, you just can't hide - I know you can show me
I want to know what love is (let's talk about love), I know
you can show me

I wanna feel it too - I want to feel what love is
I wanna feel it too, and I know and I know - I know you
can show me

Show me love is real, yeah - I want to know what love
is...

(to fade)
