Even thou we grew apart I still feel that we're meant to
be
and thou time mended our broken hearts
Then why hasn't my heart been freed

I use to dream a lot
I use to be alive
I gotta find those feelings

Chorus:
Cause I need your love
I just need your love,
Cause you and me
We're good together
You and me should be forever
I need your love
I just need your love
Cause you and me ,we got to make up
Cause we really got it going on

Thou they say that love is hard
I'll try harder to make it work
And thou they say we won't last for long
I don't care I just know there wrong

You use to dream a lot
You use to be alive
You gotta find those feelings

Chorus

Really got it going on

And I don't wanna wait more
I know what I want is you
Yeah it's you baby
And I don't wanna wait more
I know what I want is you
And I'm really gonna show ya
Really show my feelings
Thou they say that love is hard

I'll try harder to make it work
Chorus

Cause you and me, we got to make love
Gotta make love , gotta make love , gotta make love

Cause you and me we gotta make up
Cause we really got it going
Really got it going on
